B. Old Business (Cont'd):

Procedures for Mission 1041 OAK Reporting Phases & Publications:

Members were referred to the previously distributed memorandum on this subject and the procedures for reporting were reviewed.

[] commented that the procedures outlined were not too far from what UAC and JIIRG have visualized.

STAT

Regarding the OAK Supplement, [] stated that Publications Division would run into two problems: if a supplement is done everyday a cable will have to go out the next day and this would run into more overtime; and also corrections made on the cables will be done twice.

STAT

This problem was discussed further and it was agreed that it would be examined further by PAG. It was pointed out that NPIC was not committed in detail to the procedures as outlined.

C. New Business:

Regarding the proposed item for 18 May 67 Agenda, PAG Production Scheduling program, [] invited each member to have their primary representative attend the 18 May meeting if this item is on the agenda.
